

Publication Ethics and Publication Malpractice Statement

Paper ID : 2248
Paper title : Software similarity measurements using UML diagrams: A systematic literature review
Author(s) : Evi Triandini, Reza Fauzan, Daniel O. Siahaan, Siti Rochimah, I Gede Suardika, and Devi Karolita

We state that:

- The articles that we have submitted to the **Register: Jurnal Ilmiah Teknologi Sistem Informasi** for assessment are genuine or free from fabrication, falsification, plagiarism, duplication, fragmentation/salami and copyright infringement of data/content/images/tables/software; and has been written by the authors as stated in the article and has not been published elsewhere.
- Our articles are not currently being considered for publication by other journals and will not be submitted to other journals for assessment, at a time when our articles are being rated by **Register**.
- Our articles do not contain statements that violate the law, defame or otherwise and do not contain materials that violate the personal rights or property rights of any other person or institution.
- If during the review process, we withdraw/cancel the article, we are willing to notify the editor and follow the article cancellation rules that have been set on the **Register**.
- In the event of a violation of this statement, we are willing to seek sanctions from the Registry and be included in the list of authors banned by the **Register**.
